Anglo-American University (AAU)  
Lázenská 4, 118 00  
Prague 1  
Czech Republic

12 June 2013

Dear Professor Fallon,

### **Outcome of Institution Periodic Review**

I am delighted to inform you that following the formal review of Anglo-American University, by academics and staff of the University of London and its federal Colleges, the Board of the University of London International Academy has endorsed the recommendation to award the Registered Centre status to your institution for the LLB programme. A certificate of recognition will be despatched in due course confirming the institution's Registered Centre status.

In supporting your institution's status, the Board noted that there were certain recommendations which will need to be addressed, as outlined in the attached report. This decision has been carefully deliberated by committees of the University of London in order to consider all aspects of the panel's review report.

In being a recognised centre, you are a part of an exclusive group of institutions around the world that enjoy both a close relationship with the University of London International Programmes and a number of key benefits. These benefits include the use of a specially adapted logo of the University of London International Programmes, a specific listing on the website, advice and support from dedicated development and quality teams, and important marketing materials.

This collaboration involves both of our organisations working closely together in order to benefit our students by enriching their learning experience. I look forward to continuing an exciting and mutually positive relationship over the coming years.

Professor Jonathan Kydd  
*Dean, University of London International Programmes*  
*Chair, University of London International Academy Academic Committee*
