1. Course Description
The course presents a basic overview of the history of western art from the early medieval to the contemporary time period through the art and architecture in Prague. The city of Prague, that is, can be viewed as a picture composed of centuries of art historical continuity, practically untouched by any timely technological jumps and disruptions. We will study and discuss Romanesque and Gothic art, Renaissance and Baroque art, 19th century art and architecture, Art Nouveau, Modern art, as well as contemporary art and architecture. The classroom lectures will be combined with excursions throughout the city, to historical sites, and to museums and art galleries in Prague.

2. Student Learning Outcomes
Upon completion of this course, students should be able to:
- Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
- Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.
- Prepare and present research on a chosen topic.

3. Reading Material

Required Materials
On reserve at the AAU library:
*Prague, Eleven Centuries of Architecture*, Jaroslava Staňková, Jiří Štursa, Svatopluk Voděra. PAV Publisher, 1996.

Recommended Materials
On reserve at the AAU library:
Other readings, photos and week assignments will be available through the course instructor. Materials and information relevant to the course will be also posted on the course website. (Every student registered for the course is assigned access to the ART 131 course site through their aauni email account.)

4. Teaching methodology
The assumption at the background of this course is that only through the empathy created by living in a place a real understanding is possible. The course will involve museum and gallery visits, excursions, walking tours in Prague, etc., next to slide-based lectures, class presentations, discussions, and readings.

7. Detailed description of the assignments

Students enrolled in the course will be asked to give one class presentation to take no more than 20 minutes. The presentation can be given in the classroom or outside and may be the basis of the midterm paper (3-5 typewritten pages, including illustrations and photographs), and the final paper (6-8 typewritten pages, including illustrations and photographs). Both the seminar presentation and the ideas for the paper should be discussed with the course instructor. The final paper is to be handed in on the last day of class. In addition, a final exam will take place at the end of the course. Attendance as well as active participation in class discussions are expected.

Class Presentation (20%):
At the beginning of the semester students will choose a topic for a class presentation, which
can be as general as describing an art historical style or a time period, or can deal with a specific work of art or architecture, an artist, or an architect. Students can work in pairs, and present the topic either in the classroom with PowerPoint slides, or speak at a pertinent historical sight, in an art gallery or a museum, describing the style and theme of the work, presenting relevant historical facts, contextualizing the art work in a larger art-historical context, explaining what is interesting and exciting about the work, the artist, etc.

This task meets or partially meets these learning outcomes:

- Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
- Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.
- Prepare and present research on a chosen topic.

</tr>
<tr>
<td>Delivery of presentation (visual effectiveness, clarity, impact, etc.)</td>
<td>20%</td>
</tr>
</tbody>
</table>

**Midterm Paper (15%) and Final Paper (20%)**:
It is recommended that the midterm paper would deal with the same or similar topic as the class presentation. The midterm paper should be 3-5 typewritten pages long (including illustrations and photographs), and will be due before the mid-term break. The final paper is most likely to grow out of the midterm paper and the class presentation, treating and developing the chosen topic in a greater depth and detail. The final paper should be 6-8 typewritten pages (including illustrations and photographs), and is to be handed in on the last day of class.

This task meets or partially meets these learning outcomes:

- Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
- Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.
- Prepare and present research on a chosen topic.

<td>10%</td>
</tr>
</tbody>
</table>

**Final Exam (20%)**:
The Final Exam will consist of two parts: slide identification and exam questions. The slide
identification will amount to recognition of the works of art and architecture discussed in the class, as well as the classification by style and date of those works. The exam questions will be based on topics covered in the class during the whole semester, where students will be expected to demonstrate their knowledge of the subject, an ability to contextualize key examples of art works in relation to their historical time period, and to demonstrate an ability to apply appropriate terminology learned throughout the semester.

This task meets or partially meets these learning outcomes:
Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.

### Class attendance and participation (20%):

Students are expected to attend class regularly, to be on time, and to respect the rules and manners of the classroom while at school and on excursions (see class attendance policy below, and the School Codex on the University website). Students are expected to complete the readings and assignments and come prepared to participate in class activities or discussions. Students may be called upon to give short summaries, or answer questions concerning previous topics. Additionally, students are expected to actively participate during our excursions, museum and gallery visits, etc.

If you miss a class, it is your responsibility to keep up with the assignments, and to get the notes from one of your classmates or from the course website. I will be happy to meet during my office hours or at an arranged time to discuss the material you missed after you have made an effort to catch up. You are also expected to visit the sights we visited in class. (In the case of museum visits, bring me the entrance ticket, and I will reimburse you for the entrance fee.)

### General Requirements and School Policies

#### General requirements

All coursework is governed by AAU’s academic rules. Students are expected to be familiar with the academic rules available in the Codex and Student Handbook and to maintain the highest standards of honesty and academic integrity in their work.

#### Electronic communication and submission

The university and instructors shall only use students’ university email address for communication. It is strongly recommended that any email communication between students and instructors take place in NEO LMS. Each e-mail sent to an instructor that is about a new topic (meaning not a reply to an original email) shall have a new and clearly stated subject and shall have the course code in the subject, for example: “COM101-1 Mid-term Exam. Question”.

6/9
All electronic submissions are carried out through NEO LMS. No substantial pieces of writing (especially take home exams and essays) can be submitted outside of NEO LMS.

Attendance

Attendance is required. The university recommends, as a minimal policy, that students who are absent 35 percent of the course should be failed (or administratively withdrawn from the course if the absences are excused).

Absence excuse and make-up options

Should the student be absent from a class for relevant reasons (illness, serious family matters), s/he needs to submit an Absence Excuse Form supplemented with documents proving the reasons for absence to the Assistant Dean. Should a student be absent during the add/drop period due to a change in registration this will be an excused absence if they submit an Absence Excuse Form along with the finalized add/drop form. The form and documents must be submitted within one week of absence. If possible, it is recommended to inform the instructor about the absence in advance.

Students whose absence has been excused by the Dean are entitled to make up exams they missed provided that the nature of the exam allows for a make-up. The students are responsible for contacting their instructor within one week from the date the absence was excused, and for making arrangements with the instructor about make-up options as necessary.

Unexcused absences

Students are allowed two unexcused absences. Absences above this number may result in failure of the course.

Late work: No late submissions will be accepted – please follow the deadlines.

Electronic devices

Any electronic devices (phones, tablets, laptops...) may be used only for class-related activities (taking notes, looking up related information...). Any other use will result in being marked absent and/or being expelled from the class. No electronic devices may be used during the tests.

Eating is not allowed during classes.

Cheating and disruptive behavior

If a student engages in disruptive or other conduct unsuitable for a classroom environment of an institution of learning, the instructor may require the student to withdraw from the room for the duration of the activity or for the day and shall report the behavior to the Dean.

Students engaging in behavior which is suggestive of cheating (e.g. whispering or passing notes) will, at a minimum, be warned. In the case of continued misbehavior the student will be expelled from the exam and the exam will be marked as failed.

Plagiarism and Academic Tutoring Center

Plagiarism is “the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one’s own original work.” (Random House Unabridged Dictionary, 2nd Edition, Random House, New York, 1993)

Turnitin’s White Paper ‘The Plagiarism Spectrum’ (available at http://go.turnitin.com/paper/plagiarism-spectrum) identifies 10 types of plagiarism ordered from most to least severe:

1. CLONE: An act of submitting another’s work, word-for-word, as one’s own.
2. CTRL-C: A written piece that contains significant portions of text from a single source without alterations.
3. FIND–REPLACE: The act of changing key words and phrases but retaining the essential content of the source in a paper.
4. REMIX: An act of paraphrasing from other sources and making the content fit together seamlessly.
5. RECYCLE: The act of borrowing generously from one’s own previous work without citation; To self plagiarize.
6. HYBRID: The act of combining perfectly cited sources with copied passages—without citation—in one paper.
7. MASHUP: A paper that represents a mix of copied material from several different sources without proper citation.
8. 404 ERROR: A written piece that includes citations to non-existent or inaccurate information about sources.
9. AGGREGATOR: The “Aggregator” includes proper citation, but the paper contains almost no original work.
10. RE-TWEET: This paper includes proper citation, but relies too closely on the text’s original wording and/or structure.

As the minimum policy the types of plagiarism from 1 through 8 results in the failing grade from the assignment and must be reported to the Dean. The Dean may initiate a disciplinary procedure pursuant to the Academic Codex. Allegations of bought papers and intentional or consistent plagiarism always entail disciplinary hearing and may result in expulsion from AAU.

If unsure about technical aspects of writing, students are encouraged to consult their papers with the tutors of the AAU Academic Tutoring Center. For more information and/or to book a tutor, please contact the ATC at: http://atc.simplybook.me/sheduler/manage/event/1/.

Students with disabilities

Students with disabilities are asked to contact their instructor as soon as possible to discuss reasonable accommodation.
