Prague also serves as a great home base for travel around Europe.

# About AAU

The Anglo-American University in Prague was founded in 1990 as the first private not-for-profit institution of higher learning in the Czech Republic. Today AAU is a close-knit international community of 80+ nationalities studying in the heart of Europe. We are recognized by both EU and US accrediting bodies and follow the US university structure. All our classes are taught solely in English and Study Abroad students fully blend into AAU's international student body.

*"AAU is so geared towards international people and programs!"*

# Central Location

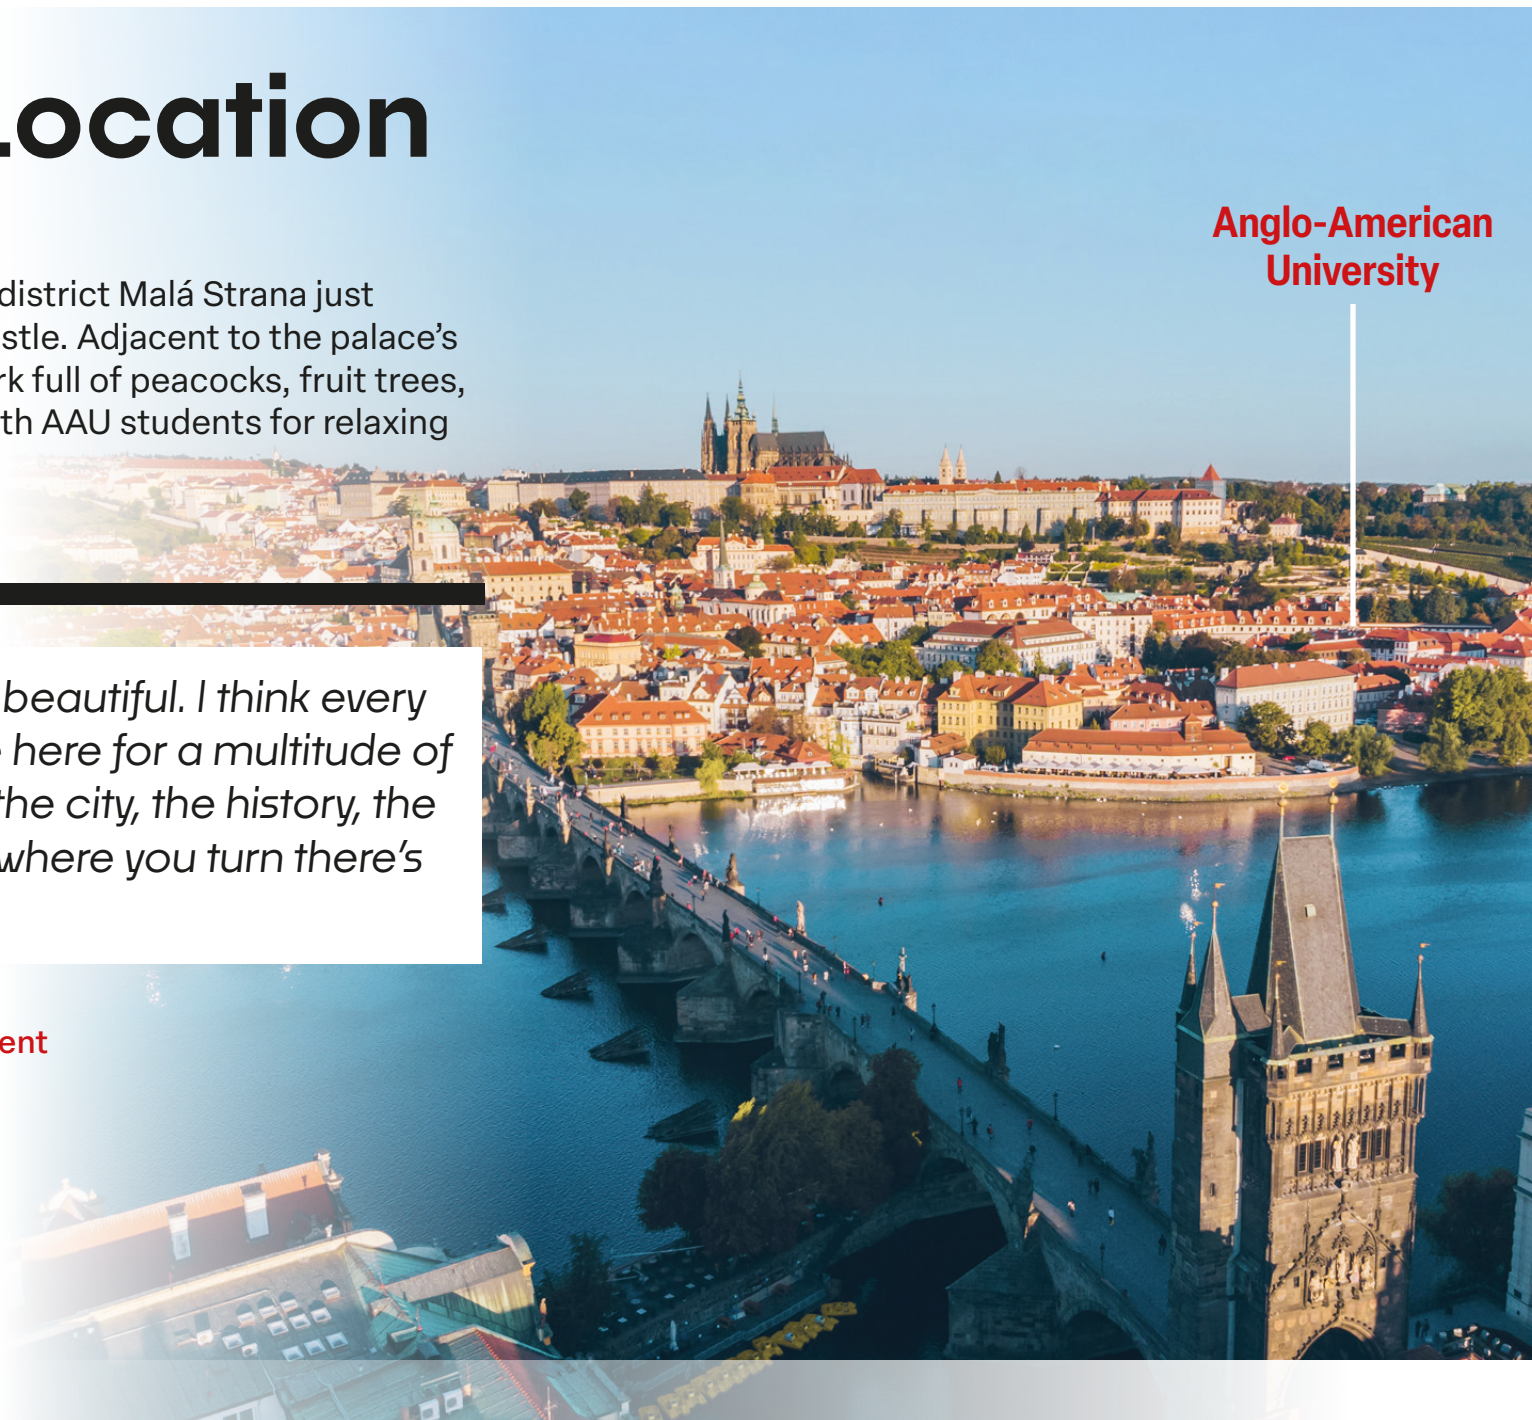

AAU is located in the historic district Malá Strana just beneath the iconic Prague Castle. Adjacent to the palace's courtyard lies a wonderful park full of peacocks, fruit trees, and greenery, very popular with AAU students for relaxing or studying.

# AAU Campus

The AAU campus, also known as the Thurn-Taxis Palace, is named after the last noble family that used to occupy it. We proudly call it our “Palace of Learning”. It is full of chandeliers, sculptures and fairy tale staircases and supports the special atmosphere present at AAU, while providing all modern classroom equipment.

*“The Anglo-American University campus is gorgeous. And I can’t say I’ve ever walked into a building that looks like this. And the people that are here are all very nice.”*

**Valerie**  
State University Florida Student

# Student Housing

AAU offers all students well equipped housing facilities, providing single and shared rooms and all necessary amenities. Our housing provider Zeitraum is located in one of the coolest neighborhoods in Prague, only a 20 min direct tram ride from campus. The English speaking friendly staff is available 24/7 and makes students feel very much at home.

*"There are many AAU students in Zeitraum and it has allowed us to grow much closer. You can go eat dinner together or hang out. It's nice to have this community near you to interact with. Zeitraum has been a really good experience."*
